I OOS Regional Product Developer's Workshop Agenda

Tuesday, May 18, 2010

Part II: Combining, improving, and sharing products

Workshop organizers will keep a running list of products presented and place them into the most appropriate category for continued discussion/improvement. Similar

products will be compared side-by-side and discussed with regard to desired qualities of the best product for the targeted end-user, how to share, etc. The goal of each of the theme sessions is to discuss best products, brainstorm future improvements and/or products and to identify specific next steps for moving forward.
